**Umbrella Home School**  
**Tuition for 2024 - 2025**

**For over 45 years Sylvan has been delivering results to millions of students like no one else can!** Sylvan students can see up to two to three times more growth in academic coaching or tutoring support in their courses for K - 12 credit or college prep than students who do not participate in our programs. Our personal approach and use of innovative technology builds confidence and skills to help them perform to their full potential in school and beyond in life.

This time more than ever, our fellow educators all over the country face an even more daunting task: overcoming the longest most profound disruption to student education we have witnessed in modern history. There are no easy answers but one thing is for sure, Sylvan partners with families to support education at 1<sup>st</sup> through 12<sup>th</sup> grade levels in every community we serve. Our locally owned Sylvan Learning Center is a 501(c)3 non-profit. It operates our umbrella home school programs that are fully accredited by Cognia®. Tuition is \$200 to finish 6-12 grade courses in 2 semesters or 10 months. Save 50% or \$100 if you finish a 6-12 course during summer school for 2 months. Our 4-5 programs provide language arts, math, science, social studies and art and picture study.

**Whether a student needs to catch up, keep up or get ahead, Sylvan Learning has you covered!**
